

## "Face the Music: a CD Swap"

So, the music CD's from the antitrust settlement have arrived at your library and you're finding the situation "challenging."

- ♪ Do you have 500 copies of Whitney Houston singing the Star Spangled Banner?
- ♪ Would the lyrics used on some of the rock CDs offend your clientele?
- ♪ Did you get too many folk songs ... or not enough opera?

Come to a "CD Swap" and freely exchange music CDs with other library types.  
You may even end up with a reasonable balance that *really* suits your collection's needs!

Libraries and schools are permitted to exchange the music CDs received through the antitrust settlement with other libraries and schools.

OLIS Library Services is sponsoring this event to facilitate the exchange of CDs between *multitype* libraries and schools so the individual collection needs of all will be satisfied.

♪ Who can attend "Face the Music: a CD Swap"?

Participation is restricted to Rhode Island libraries and schools that received music CDs as part of the Compact Disc Multi-state Antitrust settlement, which was facilitated by the RI Department of the Attorney General. No registration is necessary.

Two dates to choose from ... or you can participate on both dates.

- ♪ Tuesday, August 24, 2004, 9:30-11:30 AM, William Hall Library, Cranston
